

Science

Our topic in Science is Light. We will be learning how light travels and how we are able to see. We will be using our scientific investigations skills and planning experiments around shadows and light travel.

Home Learning

Home learning consists of daily reading (at least 4 times over the week), spelling practise and at least one home learning activity linked to our theme in class (Why do we remember the War?). Home learning books/Showbie and reading books will be checked on Fridays. Spelling tests will also be on Fridays..

Kind regards,

Mrs Baldwin

Year 5

Autumn Term 1

Mrs Baldwin

Rowan Autumn 1

Welcome back and welcome to Rowan Class!

I hope you have had a brilliant summer holidays - I can't wait to hear all about what you have been up to! We have lots of exciting learning planned for Autumn term as we start the year with our topic, 'Why do we remember the war?' and learn about WW2.

Maths

In this half term we will be covering place value, numbers up to 10,000, the four operations (addition, subtraction, multiplication and division) as well as Roman numerals. We will build upon Year 4 learning and use our knowledge to solve reasoning problems as well as quick arithmetic skills.

PE

Our PE days will be Monday and Friday. Please make sure you are wearing your school PE kit on these days and no earrings. We are continuing with swimming on Mondays so please make sure you bring your swimming kit!

In our Friday PE lessons, we will learn how to play netball.

English

In English this half term, we will be focusing on the short story 'Evacuee' by the brilliant Pie Corbett. We will be using this to inspire us to draft and write recounts in a similar style. We will be analysing a variety of examples and using our 'Writer's Toolkits' to make sure our writing is UKS2 standard.

We will also be brushing up on our narrative skills and creating our own stories with a WW2 theme.

Topic (History)

Our topic will be History based this half term and we will be learning all about WWII. During this topic we will discover why WWII started, who was involved, why children were evacuated and the roles of women on the home front. Children will also have a wonderful 'topic-themed day' to look forward to where we create our own model Anderson shelters.
